

# Congratulations!

It gives me great pleasure to acknowledge  
the volunteers of  
**Homeless Not Toothless**  
as they celebrate their 20th anniversary.

For two decades, the Homeless Not Toothless  
program has provided free dental care to  
homeless persons in the City of Los Angeles.  
Our city is extremely fortunate to have an  
organization with dedicated dentists and  
healthcare professionals who provide  
support to the underserved.

Your specialized work with these individuals  
has added confidence to each of their lives.  
Thank you for your continuous dedication  
to Angelenos.
